SDG 4 – Quality Education SDG 9 – Industry, Innovation, and Infrastructure	A Seminar on Innovation in Engineering: Pioneering Pathways for Future Technologists	ECE/MME	06-02-2024	The Innovation Club at the Faculty of Engineering, Sohar University, is an active center for creative thinkers to cultivate a culture of innovation. The club offers a platform for students and faculty to collaborate, ideate and bring their innovative ideas into reality. Through workshops, seminars, and collaborative projects, the members of the club are empowered to explore new technologies, develop entrepreneurial skills, and address real-world challenges. On 06th Feb 2024, Sohar University organized a dynamic seminar that brought together a diverse audience of engineering

				enthusiasts, featuring a talk by esteemed academic and innovation expert Prof. Rajamohan from the Faculty of Engineering, Sohar University. The seminar titled "Innovation in Engineering: Pioneering Pathways for Future Technologists" aimed at exploring the evolving landscape of engineering innovation. Prof. Rajamohan is renowned for his pioneering research in the field of engineering and technology, and he delivered a compelling presentation that underscored the pivotal role of innovation in driving progress across various engineering disciplines. Drawing from his extensive academic experience, Prof. Rajamohan highlighted the importance of fostering a culture of innovation in engineering education and practice. The seminar emphasized the need for interdisciplinary collaboration, the significance of Artificial Intelligence (AI), the Internet of Things (IoT), alternative energy, and their relevance to
