

## COURSE LEARNING OUTCOMES (CLOs)

|                                                                                                                                                         |                            |   |                           |   |   |   |
|---------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------|---|---------------------------|---|---|---|
| Faculty                                                                                                                                                 | General Foundation Program |   |                           |   |   |   |
| Program                                                                                                                                                 | ENGLISH                    |   |                           |   |   |   |
| Notional hours of learning (direct contact time + other independent activities/study time)                                                              | 22 hours per week          |   |                           |   |   |   |
| 1. General Course Information                                                                                                                           |                            |   |                           |   |   |   |
| 1.1. Course Title: PRE-INTERMEDIATE                                                                                                                     |                            |   |                           |   |   |   |
| 1.2. Course Code: PREINT                                                                                                                                |                            |   |                           |   |   |   |
| 1.3. Course Level: GFP                                                                                                                                  |                            |   |                           |   |   |   |
| 1.4. Course Credit Units: NA                                                                                                                            |                            |   |                           |   |   |   |
| 1.5. Course Learning Outcomes mapping with Program Learning Outcomes                                                                                    |                            |   |                           |   |   |   |
| Course Learning Outcomes                                                                                                                                |                            |   | Program Learning Outcomes |   |   |   |
| Upon completion of the course, students are expected to be able to:                                                                                     | 1                          | 2 | 3                         | 4 | 5 | 6 |
| A. Knowledge and Understanding                                                                                                                          |                            |   |                           |   |   |   |
| A.1. Explain ideas on a subject related topic in a group discussion.                                                                                    |                            | ✓ |                           |   |   |   |
| A.2. Identify the topic, main ideas, details and opinions or arguments from an extended listening text.                                                 | ✓                          |   |                           |   |   |   |
| A.3. Infer context, relationship between speakers, register from a conversation.                                                                        | ✓                          |   |                           |   |   | ✓ |
| A.4. Identify the main idea(s) and extract specific information from a reading text in a given period of time.                                          |                            | ✓ |                           |   |   |   |
| B. Cognitive/Intellectual Skills                                                                                                                        |                            |   |                           |   |   |   |
| B.1. Develop and deliver a talk of at least 2-3 minutes on a topic related to the study.                                                                | ✓                          |   |                           |   |   |   |
| B.2. Write texts of a minimum of 180 words, showing control of layout, organization, punctuation, spelling, sentence structure, grammar and vocabulary. |                            | ✓ |                           |   |   |   |
| B.3. Plan, write, revise, edit, and proofread course-level sentences and paragraphs.                                                                    |                            | ✓ |                           |   |   |   |
| B.4. Answer questions from a text by predicting, deducting and inferring.                                                                               |                            | ✓ |                           |   |   |   |
| C. Practical Skills                                                                                                                                     |                            |   |                           |   |   |   |
| C.1. Complete a task following spoken instructions through a number of stages.                                                                          | ✓                          |   |                           |   |   | ✓ |
| C.2. Revise, edit, and proofread course-level sentences and paragraphs.                                                                                 |                            | ✓ |                           |   |   |   |
